WEPOS Oven, Grill & BBQ Cleaner

Description

Quickly and reliably removes even stubborn and burnt-on remains, grease and residues from frying and oily stains. Also works powerfully on vertical surfaces thanks to its structure. For all ovens, fan assisted ovens, fitted ovens, baking sheets, oven-proof dishes, pans, pots, grills and viewing panels.

Effect:

Quickly and reliably dissolves stubborn encrustations and grease, burnt / baked-on fat and other residues, oily contamination. Strong effect also on vertical surfaces, thanks to the gel structure and consistency.

Application:

Barbeques, grills, ovens, stove tops, fireproof glass and ceramics surfaces. Suitable for all grills and griddles – Please observe the manufacturers cleaning instructions.

Direction of use:

Use only after the surface has cooled down! Remove encrusting before treatment.

Spray evenly onto the dirty surface and allow to react for 3 – 5 minutes according to the degree of contamination. Remove the residues with a sponge, cloth or paper towel. Wipe over again with clear water and rub dry with a clean cloth. Repeat the process in case of stubborn residues or increase the working-in time.

Important:

Protect the area surrounding the surface which is to be cleaned from contact with the product. If necessary, wash off immediately with lots of water. Do not use on painted surfaces, aluminum or plastic. Test for surface compatibility before treatment. CAUTION! Sensitive surfaces, such as grass or stone surfaces must be protected from the product. Cover with cardboard or foil

Technical Informations

- Density: 1,0 g/ml
- PH: 12 – 12,5
- colour: milky
- smell: neutral

Safety instruction:

Corrosive

Causes severe burns.

Keep locked up and out of the reach of children.
